### EXPERIENCE THE POWER OF THE RETIREMENT INCOME CONTROL PANEL

**THE RETIREMENT INCOME CONTROL PANEL— A POWERFUL TOOL THAT IS OFFERED EXCLUSIVELY ON YOUR PLAN'S WEBSITE AND IS BROUGHT TO YOU BY ADVISED ASSETS GROUP, LLC, A REGISTERED INVESTMENT ADVISER— HELPS YOU QUICKLY AND EASILY SEE IF YOU'RE ON TRACK TO MEETING YOUR RETIREMENT GOALS.<sup>1</sup>**

It all starts by providing you with a projection of how your lump-sum account balance will translate into a monthly income amount. That's the important number to focus on because that's basically your income when you're no longer working.

Given the importance of that projected amount, the Retirement Income Control Panel lets you choose other income sources beyond the assets in your plan so that your projected monthly amount is customized to you.

From that point, you can tailor the results even further by inputting your annual salary, your retirement age, and the percentage of income you want to replace.

Once you have the Retirement Income Control Panel dialed in with your information, you can see if there is a gap between what your income goal is and what the tool projects it to be. And if a gap does exist, you'll be provided with information on how to close it.

It could be as easy as contributing a little bit more to reach your goal, or you may choose to go with a new proposed asset allocation to help shrink the gap.

In just a few quick and simple steps, which are shown as examples on the backside of this flier, you can take greater control of your retirement readiness. And that is really just scratching the surface on what the Retirement Income Control Panel can do for you.

Visit your plan's website today and check it out. Retirement readiness may be just a couple mouse clicks away.
